Village of La Grange

CONSTRUCTION NOTICE

ComEd
Overhead Cable Removal
Ogden Avenue

July 26, 2016

Dear Business Owners and Residents:

The purpose of this notice is to advise business owners and residents that ComEd plans to remove overhead wires on Ogden Avenue on Saturday, July 30, 2016 from 7:00 am to 3:00 pm. As part of the Uptown Redevelopment Project, the overhead utilities are being relocated underground. We do not anticipate any service disruption as part of this work. This work is being completed by ComEd and is estimated to take approximately one day to complete.

Please be advised that lane closures on Ogden Avenue will be required to accommodate the work. Specifically, the west bound, north lane on Ogden Avenue will be closed from the BNSF railroad to Ashland Avenue.

Traffic delays are expected and motorists are encouraged to take alternate routes to avoid the work zone. We ask that motorists plan accordingly and exercise care when driving through the work zone. Signs will be posted alerting motorists of the work. Please note that all schedules and work progress are weather dependent.

We apologize for any inconvenience resulting from this work. We will work with ComEd as much as possible to minimize the inconveniences associated with this work. If you have any questions, please do not hesitate to contact the Department of Public Works at (708) 579-2328.

Sincerely,
VILLAGE OF LA GRANGE

Ryan Gillingham, P.E.
Director of Public Works

Department of Public Works 320 East Avenue La Grange, Illinois 60525 (708) 579-2328 Fax (708) 579-2330
