Village of La Grange

CONSTRUCTION NOTICE

ComEd
Underground Cable Replacement
Edgewood Avenue, Glenwood Avenue and Mason Drive

July 27, 2016

Dear Residents:

ComEd has announced additional reliability improvement projects within the Village of La Grange. This work has been coordinated between the Village and ComEd as a direct result of citizen concerns communicated to the Village and upon a review by ComEd of its system performance records. The scope of work for their most recent project includes the replacement of the existing underground cable on Edgewood Avenue between Carriage Lane and 47th Street, and along rear lots on Glenwood Lane and Mason Drive.

The Village is advising you of this work as some of the work is occurring in the rear yards of private property. The Village notified ComEd to coordinate this work with the private property owners impacted by the work in order to answer any questions, discuss potential tree trimming work, coordinate access, discuss landscaping restoration, and provide contact information for residents. You should also be receiving a letter from ComEd in the near future explaining the work and providing contact information for the project.

The contractor for the project is Meade Electric. ComEd has indicated that the work is scheduled to begin the week of August 8, 2016 and continue through the end of October. ComEd has indicated that residents may experience a few disruptions with their electrical service while this work is being performed. ComEd will try to minimize these outages and will provide additional notices to residents prior to any anticipated outages. Please note access to all driveways and roadways will remain open during construction.

The Village will continue to work closely with ComEd to help facilitate ongoing equipment upgrades and other targeted improvements throughout La Grange to address areas with outage-related concerns.

Thank you in advance for your patience and cooperation. We will work with Meade Electric and ComEd as much as possible to minimize the inconveniences associated with this project. Should

Department of Public Works 320 East Avenue La Grange, Illinois 60525 (708) 579-2328 Fax (708) 579-2330

you have any questions about this project please contact ComEd's customer service line at (331) 444-4534. If you have any other questions, please do not hesitate to contact the Department of Public Works at (708) 579-2328.

Sincerely,
VILLAGE OF LA GRANGE

Ryan Gillingham, P.E.
Director of Public Works
