

VILLAGE OF LA GRANGE

ORDINANCE NO. O-14- 23

AN ORDINANCE ASCERTAINING THE PREVAILING RATE OF WAGES  
FOR LABORERS, MECHANICS, AND OTHER WORKERS  
FOR VILLAGE OF LA GRANGE PUBLIC WORKS PROJECTS IN 2014

WHEREAS, the State of Illinois has enacted "An Act regulating wages of laborers, mechanics and other workers employed in any public works by the State, county, city or any public body or any political subdivision or by any one under contract for public works," approved June 26, 1941, effective July 1, 1941, and codified as amended at 820 ILCS 130/1 *et seq.* (the "Act"); and

WHEREAS, the Act requires that the Village of La Grange investigate and ascertain the prevailing rate of wages as defined in the Act for laborers, mechanics, and other workers in the locality of the Village who are employed in performing construction of public works for the Village;

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of La Grange, Cook County and State of Illinois, as follows:

Section 1. Recitals. The foregoing recitals are hereby incorporated into this Ordinance as findings of the President and Board of Trustees.

Section 2. Ascertainment and Application of Prevailing Wages. To the extent and as required by the Act, the general prevailing rate of wages in this locality for laborers, mechanics, and other workers engaged in construction of public works coming under the jurisdiction of the Village is hereby ascertained to be the same as the prevailing rate of wages for construction work in the Cook County area as determined by the Department of Labor of the State of Illinois as of June 2014, a copy of that determination being attached hereto and incorporated herein by reference as Exhibit A. As required by the Act, any and all revisions of the prevailing rate of wages by the Department of Labor will supersede the Department of Labor's June 2014 determination and apply to any and all public works construction undertaken by the Village.

Section 3. Contractors' Responsibility. Each contractor or subcontractor engaged in construction of public works for the Village to which the general prevailing rate of hourly wages are required by the Act to be paid shall submit to the Village a certified payroll on a monthly basis, in accordance with Section 5 of the Act. The certified payroll must consist of a complete copy of those records required to be made and kept by the Act. The certified payroll must be accompanied by a statement signed by the contractor or subcontractor that certifies that (A) such records are true and accurate, (B) the hourly rate paid is not less than the general

prevailing rate of hourly wages required by the Act, and (C) the contractor or subcontractor is aware that filing a certified payroll that he or she knows to be false is a Class B misdemeanor. A general contractor may rely on the certification of a lower tier subcontractor, provided that the general contractor does not knowingly rely upon a subcontractor's false certification. Upon two business days' notice, the contractor and each subcontractor shall make available for inspection the records required to be made and kept by the Act (i) to the Village and its officers and agents and to the Director of the Illinois Department of Labor and his or her deputies and agents and (ii) at all reasonable hours at a location within the State.

Section 4. Definitions; Applicability. The definition of any term appearing in this Ordinance that also is used in the Act is to be the same as in the Act. Nothing herein contained may be construed to apply to the general prevailing rate of wages for Cook County as herein ascertained to any work or employment except public works construction of the Village conducted in Cook County to the extent required by the Act.

Section 5. Posting and Inspection Notices. The Village Clerk shall publicly post or keep available for inspection by any interested party in the main office of the Village this determination or any revisions to the prevailing rate of wages for Cook County. A copy of this determination or of any revised determination of prevailing rate of wages for Cook County then in effect must be attached to all public works construction contract specifications. When a public work project has been awarded with the use of a public bid, contract, or project specification, then reference to the rates stated in Exhibit A must be included in the bid, contract, or specification, and when a public work project has been awarded without the use of a public bid, contract, or project specification, then written notice must be included on a purchase order related to the work or on a separate document that not less than the rates stated in Exhibit A must be paid to all laborers, workers, and mechanics performing work on that public work project.

Section 6. Filing. The Village Clerk shall promptly file a certified copy of this Ordinance with both the Secretary of State Index Division of the State of Illinois and the Department of Labor of the State of Illinois.

Section 7. Publication. The Village Clerk shall cause a copy of this Ordinance to be published in a newspaper of general circulation within the area within 30 days after its filing with the Secretary of State Index Division of the State of Illinois and the Department of Labor of the State of Illinois, and that publication will constitute notice that this determination is effective and that this is the determination of the Village.

Section 8. Mailing on Request. The Village Clerk shall mail a copy of this determination to any employer, and to any association of employers, and to any person or association of employees who have filed their names and addresses,

requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

Section 9. Effective Date. This Ordinance will be in full force and effect from and after its passage, approval, and publication in the manner provided by law.

PASSED this 23 day of June 2014.

AYES: Trustees Kuchler, McCarty, Palermo, Holder and Langan

## COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

## EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

## CERAMIC TILE FINISHER

The grouting, cleaning, and polishing of all classes of tile, whether for interior or exterior purposes, all burned, glazed or unglazed products; all composition materials, granite tiles, warning detectable tiles, cement tiles, epoxy composite materials, pavers, glass, mosaics, fiberglass, and all substitute materials, for tile made in

tile-like units; all mixtures in tile like form of cement, metals, and other materials that are for and intended for use as a finished floor surface, stair treads, promenade roofs, walks, walls, ceilings, swimming pools, and all other places where tile is to form a finished interior or exterior. The mixing of all setting mortars including but not limited to thin-set mortars, epoxies, wall mud, and any other sand and cement mixtures or adhesives when used in the preparation, installation, repair, or maintenance of tile and/or similar materials. The handling and unloading of all sand, cement, lime, tile, fixtures, equipment, adhesives, or any other materials to be used in the preparation, installation, repair, or maintenance of tile and/or similar materials. Ceramic Tile Finishers shall fill all joints and voids regardless of method on all tile work, particularly and especially after installation of said tile work. Application of any and all protective coverings to all types of tile installations including, but not be limited to, all soap compounds, paper products, tapes, and all polyethylene coverings, plywood, masonite, cardboard, and any new type of products that may be used to protect tile installations, Blastrac equipment, and all floor scarifying equipment used in preparing floors to receive tile. The clean up and removal of all waste and materials. All demolition of existing tile floors and walls to be re-tiled.

#### COMMUNICATIONS ELECTRICIAN
