LOCAL POLICE UNVEIL ONLINE SYSTEM FOR OVERNIGHT PARKING

La Grange, La Grange Park, and Western Springs

Police Departments from La Grange, La Grange Park, and Western Springs, in close cooperation with the Lyons Township Area Communications Center (LTACC), are pleased to announce a new online overnight parking registration system for residents.

Using public safety software available through Frontline Public Safety Solutions (Frontline PSS), residents can now request online overnight parking in accordance with local municipal ordinances. Frontline PSS provides a user-friendly, easily-accessible, and secure way to register a vehicle for overnight parking on Village streets. The overnight parking module allows users to create entries of authorized vehicles and their specific locations, and this information becomes available in real-time to patrolling officers – saving both time and resources.

This online, public portal not only simplifies the process for overnight parking in La Grange, La Grange Park, and Western Springs, it also provides an effective means for Police Departments and LTACC to more effectively share and manage the data associated with these requests. In addition to the new online system, residents of each Village can still call in overnight parking requests to LTACC at 708-352-2059, or to their local Police Department's non-emergency number.

For more information on Frontline PSS, or to register your vehicle for an online overnight parking pass, visit your local Police Department's Frontline PSS website:
