

Village of La Grange

MAINTENANCE NOTICE

LOCATION: La Grange Parking Structure / 6th & Harris Avenues
ISSUE DATE: September 25, 2017
DEPARTMENT: Public Works
ACTIVITY: Parking Structure Waterproofing Repair

On Monday, October 2, 2017, waterproofing membrane repairs will begin on the parking structure located at 6th Avenue and Harris Avenue. The work will consist of recoating the water proof traffic topping in the drive lane, and pavement markings on the first and second levels of the parking structure. In order to perform this work the second and third floors of the parking garage will be closed. We anticipate that these areas will be closed to parking starting on Monday, October 2, 2017 at 7:00 am to Friday, October 6, 2017 at 5:00 pm. The first floor of the parking structure will remain open to parking while the work is occurring.

In order to accommodate parking for users that will be temporarily displaced, the Village has authorized parking in Lot 14 (Intersection of Locust and Ogden Avenue adjacent to the new Uptown Development). The Village will also temporarily suspend on-street parking restrictions on adjacent side streets while the work is being performed. Adjacent side streets where parking will be allowed include 6th, 7th, and 8th Avenues from Burlington Avenue to Elm Avenue.

Overnight parking restrictions on adjacent side streets will remain in effect, which is no parking from 2:00 am – 6:00 am. All vehicles parked on-street will need to be parked in a legal space, which includes not blocking fire hydrants, intersections or driveways. The Police Department is aware of this accommodation and will not be enforcing timed on-street parking restrictions from October 2, 2017 at 7:00 am to October 6, 2017 at 5:00 pm.
