

Village of La Grange

NEIGHBORHOOD "H" RESURFACING PROJECT

NOTICE OF PUBLIC MEETING & CONSTRUCTION NOTICE

Time: Tuesday, May 25th at 6:00 pm

Location: Public Works, 320 East Avenue

May 14, 2010

Dear Residents, Property Owners and Business Owners:

The Village of La Grange is pleased to announce that the resurfacing of Neighborhood H is planned to start on Tuesday, June 1, 2010. A map showing the roadways to be improved is on the backside of this letter. The project mainly consists of resurfacing the existing roadway surfaces by grinding off a layer of asphalt and replacing it with a new surface. Additionally, we plan to make intermittent improvements to some drainage structures, sidewalks and other infrastructure components along the roadway. The project was awarded to Chicagoland Paving Contractors Inc. The estimated completion date for this project is August 31, 2010.

The Village cordially invites you to attend a meeting to learn more about this project. All residents, business owners and property owners living on or adjacent to the streets included in this project area are encouraged to attend the public information meeting on Tuesday, May 25 at 6:00 pm at the Public Works Facility located at 320 East Avenue. Village staff and the engineering consultant will be there to discuss details pertaining to the work scope, project schedule and answer any questions you may have.

Some traffic delays as a result of periodic and temporary lane closures should be expected within the construction limits. At certain points during the project street parking will be limited in the project area and traffic patterns will be adjusted to accommodate construction. For your safety, please follow the established detour routes and signage throughout the project area. We ask that motorists plan accordingly and exercise care when driving through the construction zone.

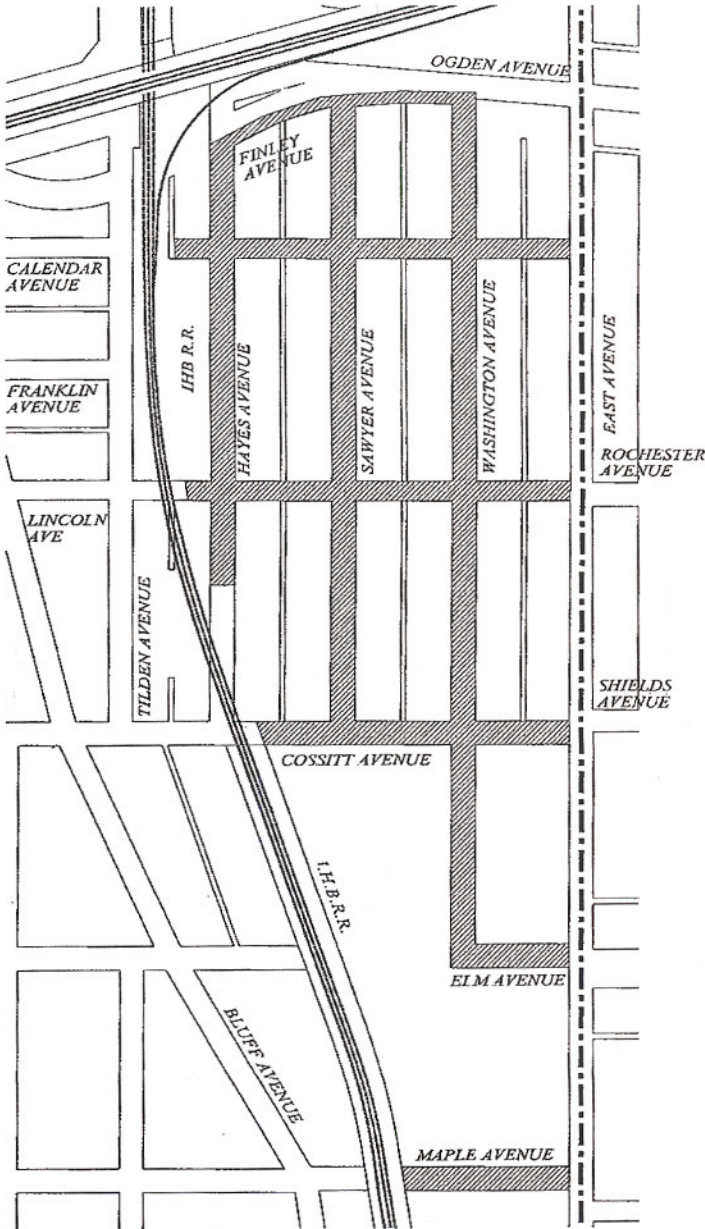

Please also note that a new State law became effective January 1, 2010, regulating the use of cell phones. When driving through a construction zone, cell phone use is limited to hands-free operation only and texting is strictly prohibited. The La Grange Police Department will be enforcing this new law.

We thank you in advance for your patience and cooperation. We will work with the contractor as much as possible to minimize the inconveniences associated with this project. The end result will be improved streets that will provide many years of service. If you should have any questions, comments or concerns, or cannot make the meeting, please do not hesitate to call either myself or Mr. Mike Bojovic, Assistant Director of Public Works at (708) 579-2328. We look forward to seeing you at the meeting.

Sincerely,

Ryan Gillingham
Director of Public Works
